The Courier published this morning what its editor knew to be a deliberate falsehood about Attorney General Churchill attempting to dictate to the nominations to-day's convention. Mr. Churchill has taken no part in the politics of this country, whatever, although he may well feel proud of the honor of being a ticket as our contempt names.

The democracy in refusing to nominate Hon. Robert Connell for the legislature, showed a remarkable display of confidence in their strength for the coming campaign. Mr. Connell has served twice in the halls of legislation and while not possessed of any great gifts of oratory or brilliant statesmanship, he has always been able to scent the hot trail of a job or scheme as quickly as any of his colleagues. Mr. Connell is honest and it has been on this account that heretofore his party felt the necessity of putting him on the ticket to strengthen it. The bosses, this year, have their machine in such fine trim and carried out their programme for the convention without a hitch that they did not deem it necessary to draw on Mr. Connell's honesty to help them out.

Pink-eye is a term commonly given to inflammation about the eye or nostrils of the horse, says the American Agriculturist, but in most cases the ailment can be traced to an influenza which of itself assumes a variety of symptoms. The first attention is usually attracted by the drowsiness or debility of the horse; the eye becomes red and blood-shot and the lids swollen, and the light pains them. The hind legs become dropical. The first thing is to get the patient into a clean, dry stall, where he can get pure air. If limbs are cold, rub or bandage them, or use liniments. Give the following drench: cream of tartar, two drachms; salt, one ounce. Mix these with flaxseed tea.—Ex.

NOTES AND INCIDENTS.
E. J. Cook was nominated by Price Behan and J. L. Fisher, by W. A. Neal. The convention did wisely in recognizing the young democracy in its nomination of Ed Horne, for recorder. Mr. Horne is a capable young man, worthy of the place, whom we would rather see in the position than any other democrat.

The republicans however, will probably put up as equally a capable man.

General W. J. O'Neill was a very active delegate.

The convention was tame, owing to the absence of the Cherry Creek war-horse.
